# Embrace Open
Enhance Your Cloud
Enable Enterprise Innovation

Every business is in pursuit of growth. At Broadcom, we are helping customers embrace open tools and technologies, integrate their Mainframe as part of their cloud, and create new innovation opportunities that drive the business forward.

An Open Strategy for Mainframe Enables New Strategic Value

- **API enablement** brings new levels of integration, insight, and automation.
- Driving **open-source leadership** for Mainframe enables easier and broader use of the platform.
- **Developer productivity** fueled by choice of tools, existing and new.

*Large European Retail Bank **opens the mainframe to developer-driven innovation** by introducing a modern version control experience with CA Endevor Bridge for Git*

When Mainframe is Part of *Your* Cloud it's a Better Cloud

- **Your cloud,** whether private, hybrid, or multi-cloud.
- Bring **higher service qualities** to business applications for better client experiences.
- Manage, secure, and develop for Mainframe **like any other cloud platform.**

*Global Insurance Company gets birds eye view of operations to manage Mainframe with cloud like ease driving **40% gains in efficiency** through intelligent automation*

Accelerate Your Business Agenda

- Manage to **higher efficiency and savings.**
- **Move fast and scale** your business to new opportunities.
- **Partnership** for success: Vitality, Win-No-Fee, Consumption Pricing, Education, Assessments, etc.

*Large Multinational Telecom provider modernizes mainframe application hosting environment for **20% hard savings** and reinvests in Center of Excellence and new DevOps capabilities for digital transformation*

BROADCOM IS DRIVING THE NEXT EVOLUTION of open, cross-platform, enterprise innovation. Our Mainframe Division specializes in DevOps, Security, AIOps, and Infrastructure management software for enterprise organizations. We forge deep partnerships with our clients and are personally invested in their success. We do this by providing not only leading technology solutions but also through unique programs that help them make the most of their Mainframe investments.

YOUR SUCCESS IS IMPORTANT TO US.
